Dear Community Partner,

Re: Sponsorship Opportunity

We are reaching out on behalf of the newly formed Ohpaho Band Parents Association, a parent-led organization created to support student musicians and help provide opportunities that enhance their experience in music.

Ohpaho Secondary School is Leduc's newest high school and is home to a growing music program. In addition to supporting Junior Band, Jazz Band, Choir, and Guitar programs, Ohpaho partners with Leduc Composite High School to offer a combined Senior Band. This partnership brings students from both schools together to learn, perform, and grow as musicians.

As we look at the 2026–2027 school year, we are focusing on a few key priorities for our students. Our goals include providing band shirts to help build pride and a sense of community, purchasing durable music portfolios to replace worn paper folders, and beginning to raise funds toward a future educational band trip to British Columbia.

Like many school programs, these opportunities rely on support beyond what can be provided through regular school funding. That's where community partnerships can make a real difference.

We are currently seeking sponsorships and donations from local businesses and organizations that believe in supporting youth, education, and the arts. Whether large or small, every contribution helps provide meaningful opportunities for students and strengthens our growing band program.

In appreciation of that support, we are pleased to recognize our community partners through our website, concert programs, events, and other Association communications throughout the year. A summary of our sponsorship opportunities is included for your review.

Thank you for taking the time to learn about our Association and our goals. We are fortunate to be part of a community that values its young people, and we hope you will consider partnering with us as we work to support current and future student musicians.

Yours truly,

*Ohpaho Secondary School Band Parents Association*
